Mid-level Frontend Developer · 5 years of experience

ABOUT

Front-end developer with 5 years of experience building mobile-first products, leading frontend architecture, and delivering polished user experiences from Figma to production. Comfortable owning technical decisions, conducting technical interviews, and collaborating with designers and backend teams in fast-moving agile environments. Actively looking for international remote opportunities where I can contribute to products that scale and teams that care about craft.

EXPERIENCE

Mid-level Frontend Developer eSapiens · Remote, Brazil	May 2025 – Present
- Building Hotvips, a mobile-first platform for content monetization, focused on pixel-perfect Figma-to-production delivery. - Developed modern UIs with React, TypeScript, Zustand, Tailwind CSS and SCSS; backend integration via Axios and Node.js. - Contributed to full-stack features using Claude as a development tool within a monorepo setup. - Implemented social login integrations (Google and others) and a live streaming feature. - Built a reusable promotion component system that significantly accelerated the team's delivery pace.	
Mid-level Frontend Developer Cotefácil · Brazil	Jun 2024 – May 2025
- Led frontend of a new marketplace platform from scratch — product discovery, UX/visual identity, and architecture in React.js and TypeScript. - Managed deployments via AWS Amplify and conducted technical interviews for frontend candidates. - Drove legacy Java-to-React.js migration with focus on performance, scalability, and code quality.	
Junior Frontend Developer Cotefácil · Brazil	Apr 2023 – Jun 2024
Joined core team to modernize the platform: Java-to-React.js migration, bug fixing, new features, and performance-focused refactoring.	
Frontend Developer AGA Tecnologia · Brazil	Mar 2022 – Feb 2023
- Built responsive websites, apps, and client platforms using React.js, Vue.js, Tailwind CSS, Bootstrap, Laravel and Node.js. - Managed backend integrations and API connections across multiple client projects.	
Junior Web Developer AGA Tecnologia · Brazil	Jun 2021 – Mar 2022
First professional role — built websites using HTML, CSS, JavaScript and Bootstrap; started applying React.js for frontend development.	

TECH STACK
